The screenshot shows a software interface with multiple panels. At the top, there are menu options like Home, Options, Design, Printing, Masters, and Help. Below that, there are tabs for 'Mundane/Weather' and 'Mundane/Weather'. The main area is divided into several sections:

- Trisudi Chart:** A grid showing planetary positions in the Heavens, Land, and Patal.
- Saptasudi Chart:** A grid showing planetary positions in the Chanda, Riti, Vis, Sa, Anu, and Sita.
- Nakshatra Chart:** A grid showing planetary positions in the Planet, Sun, and Moon.
- Weather Data:** A table with columns for Date, Time, Tithi, Nakshatra, Yoga, Lagna, and Day. It includes data for 22/06/1985, such as Tithi 4, Nakshatra Pushya, and Lagna Pisces.
- Stambha Table:** A table showing percentages for Jal(Water) at 27.55%, Trin(Grass) at 47.21%, Vayu(Air) at 0.00%, and Anna(Grain) at 0.00%.
- Stambha Graph:** A bar chart showing the distribution of these elements.
- Clouds and Snakes:** Textual forecasts for Samvat 2042, mentioning rain and social conditions.
